- I filed my appeal the same day within 1st hour of effective Stalking protection order (Case No. ST082522) same day on Sep. 6, 2022, as the respondent I am NOT able to accept the fact that any other (STALKING) PROTECTION ORDER has been successfully set up against me when I am feeling it is mis-manipulated, and needs to be reviewed.
- The judge has been in favor of petitioner's willingness, but LACK OF CONSIDERATION towards all these previously mis-manipulated case handling towards respondent, which IS UNREASONABLE AND UNFAIR FOR RESPONDENT.
- There were TREMENDOUS MIS-COMMUNICATIONS and INFORMATION INTERPRETING MISUNDERSTANDINGS upon MOST RECENT INCIDENTS as well as previously MIS-MANIPULATED CASES (including but NOT limited to Case No. AH-0117YB), that NEEDS to be REVIEWED and RECONSIDERED.
- Same day appealing filed TYPED REASONS LISTING: Please forgive my same day

filling of the appeal and the limited space ugly handwriting. I will copy and type all listed 4 reasons above here as followed:

- 1. I came as an international student into USA.
 - During the past temporary and permanent protection orders, I **had NOT been given/offered the chance to the (before protection effective) hearings.**
 - I **do NOT have the chance to learn the importance/severity of the cases(, nor being able to digest legal terms correctly without language interpreters help).**
- 2. As an foreigner, (I missed quite some USA legal common senses, including but NOT limited to the following.)
 - I **do NOT have the common sense that any protect order is (effective) forever(?), even the permanent protection order expired on 3/21/2017.**
 - I **do NOT have the common sense that I can NOT enter his residence properties (here by using term of residence properties I mean residence's back-yard) nor that I had any common sense that I could NOT enter any person' driveway/backyard.**
- 3. (For most recent incidents,) The court sets up hearings only after the beginning of July holiday (which was AFTER the above listed 2nd most recent incidents already).
 - I did NOT have the chance to learn nor correct myself behaviorally before the hearing (yet EVEN the most recent 2nd incidents occurred).
 - And once I could realize the severity of the warnings after a couple of court set up hearings, with judge and language interpreters' help, I corrected myself already during this early Sep. holiday WSU campus visit already.
- 4. (Stalking protection order) End (effective) date of 2099 is way too much destroying (any retarded even any) normal person's life. The law is supposed to help a person's life NOT destroy any person.
 - As the appellant has been fully developed and has awareness of correcting herself, your honor, please help to **void the protection order,** and allow chances of practicing normal person's daily life.

1.1 STALKING PROTECTION ORDER No. ST082522: The order's effective LENGTH has been set ABNORMALLY WRONGLY LONG

DISTRICT _____ Court of Washington, County of WHITMAN _____	
No. ST082522	
Protection Order (OR-)	
[] Domestic Violence (PRT)	
[] Sexual Assault (SXP) [] Harassment (AH)	
[x] Stalking (PSTK)	
[] Vulnerable Adult (PRTVA)	
Clerk's action required: 5.B., 10, 11, 12, 14	
ERIC SHING-SUAN WANG	06/17/1966
Petitioner,	Date of Birth
vs.	
HEYAN "JENNY" HUANG	06/22/1979
Respondent	Date of Birth
Protection Order	
1. This order is effective immediately and for one year from today's date, unless a different end date is listed here (end date): September 6, 2099	

- The longest permanent PROTECTION order that has been set on me was 4 years long, and it had driven a person's life into too much trouble already.
- There is **NO EFFECTIVE LENGTH TILL 2099 LAW SET IN USA, and it is UNACCEPTABLY LONG and will BE APPEALED TO NATIONAL SUPER COURT in USA.**
- **I AM HAVING ABSOLUTE HARD TIME AND DIFFICULTY UNDERSTANDING:**

- why there exists **any protection order** would last till 2099 when right now it is **only 2022**, and there are 77 years to go for a stalking order.
- And the **respnodent is a to some extent RETARDED** with recent years' full development and mature, and powered up with self-awareness and self behavior correcting.

1.2 Recent Incidents are all reasonably explainable and understandable, and worthy forgiveness

- The **respondent expected IN TIME HANDLING** of previous pending cases, as well as **effective court hearing to help understand and behaviorally correct herself**. And the court hearings set up together with LANGUAGE interpreters' help work.
- As the **respondent is a MATURE and REASONABLE person UNDERSTANDING NECESSARY BOUNDARIES** nowadays, there is **NO NEED** for any more **PROTECTION** orders.

1.3 all previous incidents happened when the respondent was relatively young and needed time to grow up and mature

- The **respondent was RAISED UP** with **LIMITED RESOURCES/CARENESS**, with **SOME CHARACTER SHORTCOMINGS to OVERCOME**, which has **NOT been RECOGNIZED by HERSELF NOR BY ANYONE ELSE**.
- Some of the previous court cases have **SIGNIFICANT HANDLING ERRORS/SITUATIONS that DID HAVE HURTED RESPONDENT TOO MUCH**, and are **WORTH RECONSIDERATION**. For example on 12/27/2014 the policeman's unreasonable arrest of respondent.

1.4 RESPONDENT is MATURE in RECENT YEARS and CAPABLE of SELF-AWARENESS and SELF BEHAVIOR CORRECTING

- With about 8-10 more years to mature, this slow grown up naive female is finally able to digest necessary concepts with the court and judge as well as language interpreter's help. **And with a few court hearing dates setup and language interpreter's help since the end of July the first hearing, I was able to understand and set up the necessary boundaries, and I learned what I could NOT behave towards Mr. Eric Shing-suan Wang when I have been warned NOT to do.**
- **I have visited WSU campus during Sep 5 this year long week end**, and stayed in town for more than 3 days in a hotel. **I practiced and succeeded that I have NOT done anything wrong toward this magical person Mr. Eric Shing-suan Wang during the visit, till the end of his protection order hearing and safely smoothly left the town for CA.**

- I did have stated the above mentioned **circumstances of my childhood growing up environment, personality missing boundaries concepts shortcomings, naiveness as well as mature grown up after 8-10 more years**, as well as **my behavior self-correcting after court hearings judge and language interpreters' help**, and **my most recent perfectly behaved visit and staying in town for quite a few days** during the protection order hearing date on Sep 6, 2022 on my turn, **the judge argued and emphasized that he listened and took notes on all of them**, but I do feel **the judge still does NOT consider my side of reasonings**, and I have to state all of them clearly during the Appellant's designation here now.
- There is a famous WSU home game this weekend on 9/24/2022, which game I booked ticket for, and I will practice one more and a few more times (later this football game season in Oct. as well as Nov. 2022) to make sure that I learn and grow from this matter.

- There are 2 Active cases, but the cases were only taken care of **AFTER the second P22-1162 incident on 07/03/2022, which date for both cases were set up hearing on July 21, 2022, and noticed on July 8, 2022**, and which were after the 2nd incident and

I would have NO chance/opportunity to learn nor correct myself without IN TIME hearing after 1st incident.

2.3 There is 1 EXPIRED case of P14-1307

- As far as the protection order is expired, I **did have been interpreting expired protection orders as permission of retrying.**
- **I need the court and judge to help me explain and understand what does expired protection orders mean to respondent in NOT far future.**

3 Length of Order: TILL 2099 IS TOO LONG AND UNREASONABLE

13. Length of Order

(The order will last for **at least one year** unless you ask for something different. Orders restraining a parent from contacting their own children may not exceed one year.)

I need this order to last for: [] 1 year ☒ more than 1 year [] less than 1 year (specify how long): _____

If you checked more or less than one year, briefly explain why.

Respondent's behavior has persisted since 2009
She interprets the expiration of P14-1307 as permission to resume trying.
I prefer to prevent her future behavior in perpetuity.

- Who came to US as an international student, **I do NOT have nor by any means learn and understand these legal terms**, and I **DO have BEEN INTERPRETING the EXPIRATION of P14-1307 as PERMISSION TO RESUME TRYING.**
 - **As an previous girl-friend who is still deeply falling in love for a previous boyfriend, who will stop trying by any means though?**
 - **Even the respondent I have been wrongly interpreting the legal terms and concepts, what I need is only someone, either the judge or the language interpreter to help correct me, instead of any life long life threatening permanent protection order.**
- We understand petitioner's understandable intention, but **we also need to consider and allow the respondent chance and opportunities to grow, to learn as well as correct herself**, instead of setting up permanent protection orders without reasonable consideration on response's side of story and feelings.

4 Most Recent Incidents

16. **Most Recent Incident.** What happened most recently that made you want a protection order? This could include violent acts, fear or threats of violence, coercive control, nonconsensual sexual conduct or penetration, sexual abuse, harassment, stalking, hate crimes. For a vulnerable adult, include incidents or threats of abandonment, abuse, neglect and/or financial exploitation. Include specific date/s and details of the incident.

1. Around 2022/06/01, Heyan violated a no-trespass order and rang our house's doorbell. We threatened her with arrest, and she left. Later that evening, Pullman P.D. Ofc. Romanov located her (at a local hotel?), but we chose not to arrest her then.
2. On 2022/06/17, Heyan rang our doorbell again. We called 911 and Pullman PD arrested her (case 22-P/S 351). She was assigned Whitman CDC #P22-1146 for Criminal Trespass in the Second Degree, with court date 2022/07/19. There was no property damage or threat.
3. On 2022/07/02 Sat, I was performing yard work, balancing precariously on cinder blocks on a steep hillside. Heyan snuck up behind me and bear-hugged me from behind, ignoring my several years' worth of forbidding her to touch me. I turned and broke her grip, then retreated into my house, ~~and called 911~~.
4. On 2022/07/03 Sun, I glanced out through my kitchen window and saw Heyan walking up our driveway. I called 911, and she heard me and walked away. Pullman PD found her nearby and arrested her again, P22-1162. She is not deterred by no-trespass orders, arrest, or pending court cases. The only measure that has worked previously is a Protection Order (PI4-1307).

- Your honor, my explanation are as following listed. Please check out the below listed sections according to originally listed items.

4.1 2022/06/01

1. Around 2022/06/01, Heyan violated a no-trespass order and rang our house's doorbell. We threatened her with arrest, and she left. Later that evening, Pullman P.D. Ofc. Romanov located her (at a local hotel?), but we chose not to arrest her then.

- There is **NO VALID NO-TRESPASS ORDER** against me back then. What Mr. Eric Shing-suan Wang **states here is NOT TRUE;**
- I did **ring the house's door bell**, but **there had been NO VALID NO-TRESPASS ORDER.** And **the expired protection order was interpreted as permission of resume trying in my mind and head, without knowing awaring I was doing something WRONG.**
- I **did have interpreted expired protection orders as permission of resuming retrying during all past years without basic legal knowledge and common sense.** And it had been the reason that I had been visiting back during 2021 upon which year I divorced ex-husband, and want to retry the relationship with Mr. Eric Shing-suan Wang.

And I did have visited quite a few times back then, 2 times last year in 2021, in **end of March 2021, July 30th, 2021**, and followed with 3 times visitings this year in **end of May, middle of June**, as well as **beginning of July**.

- **There was a policeman did call me when I was about to register for a hotel room when I got called**, but the unreasonable expiring date of 2099 the policeman warned me over the phone made me believe that it was more a threatens from a unprofessional small town policeman, which cases had happened on me before, on 12/27/2014 I had been arrested by unprofessional small town policeman who had absolutely no right to arrest me at that time, but he did.

4.2 2022/06/17

2. on 2022/06/17, Heyan rang our doorbell again. We called 911 and Pullman PD arrested her (Case 22-P05351). She was assigned Whitman CDC #P22-1146 for Criminal Trespass in the Second Degree, with court date 2022/07/19. There was no property damage or threat.

- The date listed here was out of sync between petitioner and respondent.
- **I was arrested by the policeman on 6/17/2022**. But your honor, please help consider the following stated facts:
- **I was raised up in a large family with 3 elder siblings, from a farm out of an undeveloped coutry, whose parent did NOT know how to take good care of their children nor to look into their children's psychological health;**
- **I had NOT been taken good care of during my childhood, and had been raised up with to some extend disability of missing concepts of various boundaries.**
- **I knew that Mr. Eric Shing-suan Wang had verbally warned me NOT go to the house, but back then I was NOT able to understand HOW SERIOUS the warn could be and COULD NOT SYNCHRONIZE my BEHAVIOR with the WARNED STATEMENTS YET.**
- **And even at my age in my early forties, I am still practicing various boundaries during my daily life. Personally I have been in GREAT NEED of the COURT'S HEARINGS' help, JUDGE'S help to help BEHAVIORALLY CORRECT ME and help me SET UP BOUNDARIES as well as help me UNDERSTAND how IMPORTANT and how SEVERE things could POTENTIALLY BE.**

4.3 2022/07/02

3. On 2022/07/02 Sat, I was performing yard work, balancing precariously on cinder blocks on a steep hillside. Heyan snuck up behind me and bear-hugged me from behind, ignoring my several years' worth of forbidding her to touch me. I turned and broke her grip, then retreated into my house. ~~and called 911~~

- It was one of the afternoons that **I have driven more than 1000 miles one way within less than a day, and I was very tired.**

- I only saw a **person standing on hillsides in in-between yards in between the two neighbourhood houses, not recognizing nor awaring whose yard the spot belongs to.**
- As an international student, I **don't have the common sense nor concepts that I am NOT allowed to enter any household's driveway/backyard.**
- **The person was standing in between intersection yards of two neighbourhood houses where the open spaces have NO ANY MARKS/WARNING stating NO ENTERING**
- I was just trying to **get close enough to see the blooming backyard flowers they have there.**
- But **due to the steep hillside and my tiredness, I run out of balance, and to prevent myself from falling and hitting onto hard/sharp steep hillside stones, I ended up snucking the person nearby, which turned out to be Mr. Eric Shing-suan Wang whom I had been WARNED NOT TO TOUCH ON.**
- It was completely a **very tired driver climbing hillsides running out of balance in emergency situations.**

4.4 2022/07/03

4. On 2022/07/03 Sun, I glanced out through my kitchen window and saw Heye walking up our driveway. I called 911, and she heard me and walked away. Pullman PD found her nearby and arrested her again, P22-1162.

- I had even driven almost 20 miles on my way back to CA, and I had even grabbed groceries (water) from a neighbouring town (Please check below bank receipt form the grocery store located in Colfax, WA before the backup to Pullman arrestment).

- Due to the heavy rain which I had waited the whole day before I left for CA that day, **experiencing the heavy rain on my way to neighbouring town Colfax, I decided to drive back to revisit WSU campus after the heavy rain when the campus was wet.**
- As an international foreigner who lacks some necessary common sense and do NOT know we (any persons in USA) are NOT supposed to walk onto any house's drive way, I did walk onto the driveway in between the 2 neighbouring houses without thinking nor fully understanding the warnings given before once more before I left for CA when the ground was wet, and walked my way away after having walked it once more when ground was wet.

- Due the previously stated facts of **NOT BEING TAKEN GOOD CARE OF during my childhood** during which ages **I cried too much for years during my childhood**, I had significant observable ear problems and seeing doctors for years when I was young. And later on when I grow up **I did notice that I have SLIGHT HEARING DIFFICUTLY** (which was 1st time noticed to me in classroom in one of my Computer Science majored course **in Fall 2013 or Fall 2014 semester**, that **I am NOT able to HEAR LOW VOLUMES**; And **at an relatively early age of 43 I had CONSIDERABLE SIGNIFICANT EYE FLOATERS INSIDE MY CURRENT EYES since AUG. 2022**, which could also serve as side proof of my grown up environment concerning character cultivation as well), and **I actually did NOT HEAR NOR NOTICE ANY CALLING OF 911 FOR POLICEMAN NOR ANYTHING inside the house.**
- It was **MORE a personal wish/experience walking into some 2 household's in between driveways without self-awareness**, and **finished her own wished journey of walking it once more when it was wet after a heavy rain** and before heading her way back to CA, **nothing about harassment nor interrupting any person's life.**

4.5 Summarized Petitioner Reasons: SO WRONG HERE !!!

She is not deterred by no-trespass orders, arrest, or pending court cases.
The only measure that has worked previously is a Protection Order (PI4-1307).

- Till today, I am still NOT understanding any existing NO-TRESPASS ORDERS listed here.
- The pending active cases **DO HELP ME** a lot, but **my PERSONAL BOUNDARY SYSTEM FUNCTIONS only AFTER the COURT HEARINGS HAVE BEEN SET UP, and WITH THE JUDGE and LANGUAGE INTERPRETER'S HELP.**
- As **an foreigner who came as an international student**, what I need is **only basic common sense understanding**. What I need is **necessary education and behavior correction**, instead of **any LIFE LONG LIFE THREATENING STALKING PROTECTION ORDERS.**
- I NEVER mean to do anything threatening nor damage anything to Mr. Eric Shing-suan Wang personally nor to the house properties around it, which have been all indicated here by Mr. Eric Shing-suan Wang.

5 Past Incidents

17. **Past Incidents.** What happened in the past that makes you want a protection order? This could include violent acts, fear or threats of violence, coercive control, nonconsensual sexual conduct or penetration, sexual abuse, harassment, stalking, hate crimes. For a vulnerable adult, include incidents or threats of abandonment, abuse, neglect and/or financial exploitation. Include specific date/s and details of the incidents.

1. Heyon previously stalked me from 2010-2013 at WSU, physically, via phone, e-mail, and online. I repeatedly told her, verbally and in writing, to cease, with no effect.
2. On 2011/08/06, Heyon drove unannounced from CA, and snuck into my lab office at WSU while I was in the restroom. I lured her out of my office, closed the door behind her (it locks), and left for home. Heyon drove to our home (460 Sunset Dr), doorbell-ambushed and forced entry past my elderly mother, and barricaded herself in my father's bedroom/study. Pullman PD responded (11-706258), and removed her from our house. We chose not to arrest her then.
+ This establishes her doorbell-ambush trick to force entry into a house.
3. On 2013/03/21, Whitman CDC issued an Order for Protection-Harassment against Heyon, forbidding contacts (AH-0117YB).
4. Around 2014/12/27, Heyon violated the order for protection, and was cited for violation of Anti-Harassment order (PI4-1307).
5. At trial on 2015/03/21, it was agreed to dismiss the case in 2 years if no violations occurred.
6. On 2017/03/22, Whitman CDC dismissed PI4-1307.

- Your honor, my explanation are as following listed according to the originally listed items.

5.1 2010-2013

- Your honor, back between 2010-2013, I was only in my early thirties. For other general majority of population, it must be an age of mature enough to handle things correctly and professionally, but for me personally as an slightly retarded, I was still naive, and with the missing boundaries concepts and understandings, I was sincerely NOT able to understand and digest what had been going on during those ages.

5.2 2011/08/06

- Your honor, what was stated was completely correct, but **at that age I was NOT able to understand what's going on, nor be able to reasonably understand the relationships between boyfriend and girlfriend.** And the only fact I know is that **I love this person Mr. Eric Shing-suan Wang deep inside my heart, and without him being my future husband, the rest of my life will be someone else's, NOT mine, and I won't be happy for the rest of my WHOLE life.**

5.3 2013/03/21, AH-0117YB

3. On 2013/03/21, Whitman CDC issued an Order for Protection-Harassment against Heyon, forbidding contacts (AH-0117YB).

- **Case No. AH-0117YB ORDER FOR PROTECTION HARASSMENT was a completely mis-manipulated case executed upon a weak individual - a naive international student.**

- I have **NOT** been notified of any hearing for this Harassment protection order against me, nor had I served the protection order when it was effective.
- I was only able to get a copy on 12/29/2014 upon which day I had been arrested for this order, and upon when I have NO idea about any protection order against me, only that the police who arrested me mentioned once that I could ask for the file when I were able to be bonded out of the jail on 12/29/2014.
- The protection order was finally formally served to me on court date 2/27/2015.
- But on 12/27/2014, the unreasonable arrestment had put me into all kinds of psychological problems the whole spring 2015 during my naive age when I was NOT able to DIGEST THE WHOLE CASE and ALL THE SURROUNDING THREATENING it brought into my life.
- The protection order against me during my naive age **HURTED ME TOO MUCH, and EVENTUALLY RESULTED IN a MISTAKEN UNTHOUGHTFUL MARRIAGE** which I REGRET ALL THE TIME and would wish I HAD NEVER GOT MARRIED ONCE when I was NOT BEING ABLE TO DIGEST THE WHOLE 4 YEARS LENGTH PROTECTION ORDER against me.

- My LAST CASE back then of PC011713 was settled down on 3/7/2013, and the case would dismiss on 3/7/2014.
- At an naive international student who was NOT able to digest the legal terms well nor had been able to get enough help either from the judge nor had been offered any language interpreters' help, and I DID INTERPRET it as AFTER 3/7/2014, I would be PERMITTED TO RETRY. And I WAITED HALF MORE YEAR (0.75 MORE YEAR after 3/7/2014) till 12/27/2014 to RETRY AND REVISIT Mr. Eric Shing-suan Wang's student office. And I got arrested.

And I may regain my permissions and retry afterwards (after 3/21/2017) if I want.
